

# FEBS 2025

## ADVANCED COURSES

### FEBS ADVANCED LECTURE COURSES

11–15 May 2025 | Illkirch, France

#### PARP2025: from molecular aspects to medical applications

Organizer: Françoise Dantzer

27–31 May 2025 | Groningen, Netherlands

#### Emerging insights from structural biology into molecular mechanisms of diseases

Organizer: Albert Guskov

8–13 June 2025 | Sant Feliu de Guixols, Spain

#### Biological surfaces and interfaces: biointerfaces at lipids, proteins and polymers

Organizer: Andrea Salis

29 Aug – 3 Sept 2025 | Spetses Island, Greece

#### Functional genomics of metabolic diseases

Organizer: Nicolas Venter

### FEBS SPECIAL MEETINGS

25–30 May 2025 | Varna, Bulgaria

#### Sphingolipid biology: breaking boundaries

Organizer: Liana C. Silva

28 Sept – 3 Oct 2025 | Dubrovnik, Croatia

#### Expanding frontiers in aminoacyl-tRNA synthetase research

Organizer: Ita Gruic-Sovulj

### FEBS PRACTICAL / PRACTICAL & LECTURE COURSES

18–24 May 2025 | Wageningen, Netherlands

#### Microspectroscopy: functional imaging of biological systems

Organizer: Jan Willem Borst

29 Sept – 3 Oct 2025 | Stockholm, Sweden

#### Computational approaches to understanding and engineering enzyme catalysis

Organizer: Per-Olof Syrén

### FEBS WORKSHOPS

6–8 May 2025 | Pecs, Hungary

#### Time-resolved spectroscopy meets time-resolved crystallography: the future of dynamic photobiology

Organizer: Sofia M. Kapetanaki

16–20 June 2025 | Sant Feliu de Guixols, Spain

#### Conservation and diversity of gene regulatory mechanisms across eukaryotes

Organizer: Folkert van Werven

29 June – 3 July 2025 | Oñati, Spain

#### European workshop on bacterial protein toxins

Organizer: David Albesa Jove

8–11 Sept 2025 | Matrei am Brenner, Austria

#### Immunology, metabolism and ageing

Organizer: Birgit Weinberger

6–9 October 2025 | Luso, Portugal

#### 2<sup>nd</sup> FEBS Redox Medicine Workshop: connecting the exposome with redox regulation in health and disease

Organizer: Ana Margarida Ledo

20–24 October 2025 | Sissi, Crete, Greece

#### Molecular and cellular pathways of aging in hematopoiesis

Organizer: John Strouboulis

### JOINT FEBS | EMBO LECTURE COURSES

26–30 May 2025 | Bliois, France

#### Cell biology of host–pathogen interactions

Organizer: Lena Pernas

1–6 June 2025 | Sant Feliu de Guixols, Spain

#### Physical virology: across length scales

Organizer: Marta Bally

17–22 August 2025 | Venice, Italy

#### Venice Summer School 2025: Emergence & evolution of multi-level regulatory systems

Organizer: James DiFrisco

3–11 Sept 2025 | Spetses Island, Greece

#### The new microbiology

Organizer: Athanasios Typas

14–18 Sept 2025 | Belgrade, Serbia

#### The evolving role of mitochondria in metabolism

Organizer: Aleksandra Trifunovic

16–19 Sept 2025 | Hanaholmen, Finland

#### Susan Lindquist School on Proteostasis

Organizer: Juha Saarikanga

### FEBS travel grants

FEBS Youth Travel Fund grants are available to help PhD students and postdocs participate in FEBS Advanced Courses. Details will be given on each event website.

More info on the travel grants and organizer funding on [bit.ly/FEBS\\_AdvCourses](https://bit.ly/FEBS_AdvCourses)

### FEBS funding for organizers

Proposals from expert scientists for events in the FEBS Advanced Courses programme in 2026 are invited before the funding application deadlines of 1 March and 1 September 2025.

### Further information

Please check the individual event websites for the latest details on each course. The event website links, and other details about the Advanced Courses programme, will be given in the FEBS website's Advanced Courses section at:

[bit.ly/FEBS\\_AdvCourses](https://bit.ly/FEBS_AdvCourses)
